## BACKGROUND AND CONTEXT

The Uganda Institution of Professional Engineers (UIPE), in partnership with the Uganda Tourism Board (UTB), under the auspices of UNESCO and the Federation of African Engineering Organizations (FAEO), is proud to be the host of the 11<sup>th</sup> UNESCO Africa Engineering Week and 9<sup>th</sup> African Engineering Conference (AEW & AEC) 2025 & EXHIBITION at Speke Resort Convention Center, Munyonyo Kampala – Uganda.

Under the theme: “Leveraging Engineering Innovations and Technology to Accelerate Africa’s Socio-Economic Transformation,” the Conference is expected to attract over 1,000 high-level delegates from 54 African countries, including engineers, industrial leaders, policymakers, researchers, and development partners.

This premier continental gathering provides a strategic platform to address Africa’s most pressing challenges ranging from industrialization and climate change to infrastructure and food security through practical, sustainable engineering and technological solutions.

### The event features:

Plenary and technical sessions tackling critical development themes

An interactive exhibition with 250+ local and international companies showcasing innovations, machinery, and services

Innovation and mentorship forums aimed at nurturing Africa’s next generation of engineers and entrepreneurs

High-level networking and investment engagement opportunities

The exhibition, which will take place alongside the UNESCO AEW & AEC 2025 deliberations, will provide an opportunity for both local and international engineering companies Contractors, Manufacturers, Consultants, Suppliers, Universities, and other engineering service providers to showcase some of their key products, innovations, research information and/or developed solutions.

#### NB:

Tea and Lunch will be served within the exhibition area of UNESCO AEW & AEC 2025 with cocktail tables provided to facilitate Networking.
